Detection and Diagnosis of Early Breast Cancer Using the Multimodality Approach

August 27 – 29, 2010, Bremen, Germany

Dear Friends and Colleagues,

It is a great pleasure for us to invite you to the first MeVis Breast Symposium 2010 in Bremen.

This course provides extensive knowledge about:

- how to find breast cancer in its early stages,
- diagnostic breast imaging,
- differential diagnosis of breast diseases using the multimodality approach,
- and hands-on training in screening.

This course is especially designed for:

- radiologists
- gynecologists
- radiology residents

Benefit from:

- world-class tutors
- CME credits
- use of latest SW tools
- networking & exchange of ideas

We are looking forward to seeing you in Bremen.

Sincerely yours,

Carl J. G. Evertsz, PhD
Chairman & CEO
